

TIONGE HUNGA

DATA ANALYST | DATA MANAGEMENT | MONITORING & EVALUATION

Lilongwe, Malawi | +265 99 004 8448 | tiongehu@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Data professional with nearly five years of experience in data management, monitoring and evaluation, data quality assurance, reporting, and data analysis. Experienced in validating, cleaning, managing, and analysing real-world data to support internal and external reporting, evidence-based decision-making, and demonstration of impact and change. Skilled in data analysis, data visualization, dashboard development, Microsoft Excel, Google Data Studio (Looker Studio), and Google Sheets.

TECHNICAL SKILLS

Data Analysis: Data Cleaning, Data Transformation, Data Validation, Data Visualization, KPI Reporting, Dashboard Development

Data Management & Quality: Database Management, Data Quality Assurance (DQA), Data Completeness, Data Integrity, Record Management

Monitoring & Evaluation: Programme Monitoring, Data Collection, Data Analysis, Data Quality Assessment (DQA), Reporting

Tools & Technologies: Microsoft Excel, Google Data Studio (Looker Studio), Google Sheets

Professional Skills: Attention to detail, Analytical Thinking, Communication, Organisation, Problem Solving, Time management

PROFESSIONAL EXPERIENCE

Monitoring & Evaluation Assistant | Lilongwe Wildlife Trust, Lilongwe, Malawi | Jan 2025 – Present

- Prepare and analyse data for internal and external reports, supporting decision-making, and demonstrating project impact.
- Maintain and quality-assure a 900+ record court-monitoring database, reviewing 15–20 active records monthly across three regions for accuracy, completeness, and consistency. Identify 20% requiring corrections and 30–40% with missing information, coordinating with Court Monitors to resolve discrepancies before reporting.
- Conduct weekly data quality reviews to ensure monthly data is complete and updated, reducing the risk of inaccurate analysis, under-reporting, and over-reporting in internal and external donor reports.
- Maintain approximately three departmental Google Sheets databases, including a 190-record media monitoring database, a results framework covering three programme areas, and a 560-record pangolin monitoring database, ensuring data is accurate, consistent, and up to date for reporting and decision-making.
- Conduct onsite monitoring to collect and analyse programme data, assessing changes and outcomes to support decision-making and evidence of project impact.
- Represent the organisation at national environmental events, including World Environment Day and the International Day for Biological Diversity, engaging stakeholders and managing exhibition stands.

Data Entry Clerk | Lilongwe Wildlife Trust, Lilongwe, Malawi | Oct 2021 – Dec 2024

- Verified data before database entry by checking completeness, consistency, and accuracy of information recorded on data-collection forms; followed up with Court Monitors to clarify or correct discrepancies before accepting records.
- Supported onsite Data Quality Assessments (DQA), reviewing data for accuracy, completeness, and consistency at source.
- Supported the M&E Officer with data preparation for reporting, including basic data analysis and organisation of datasets used for donor reporting.
- Entered and maintained approximately 1,106+ records in a Microsoft Access database, providing structured programme data used by the M&E Officer for analysis and donor reporting.
- Entered and maintained approximately 828 records in a Microsoft Access database using structured data-collection forms, including continuous updates to active cases until conclusion.
- Entered and maintained 200+ forms in a specialised wildlife justice database, updating records continuously as active cases progressed until conclusion.
- Uploaded and organised supporting programme documents, including photographs, reports, and other case-related files.

PROJECTS

Pangolin Monitoring Dashboard | Google Data Studio | Professional Project

- Developed an interactive dashboard to monitor pangolin weight changes during rehabilitation, enabling the rehabilitation team to track weight progression over time.

Lilongwe Wildlife Centre Visitor Analytics | Google Data Studio | Professional Project

- Analysed visitor patterns by day, time, and visitor group to identify peak periods and provide evidence to support management decisions around opening hours, staffing allocation, and visitor operations.

Superstore Sales Performance Dashboard | Microsoft Excel | PivotTables | PivotCharts | Personal Project

- Analysed sales performance across customer segments, categories, products, cities, regions, and time, identifying the Consumer segment as the largest contributor to sales and Technology as a leading category.
- Built an interactive Excel dashboard using PivotTables, PivotCharts, KPI cards, and slicers to communicate sales trends and business performance.

Diabetes Patient Analytics Dashboard | Microsoft Excel | Power Query | Power Pivot | DAX | Personal Project

- Analysed 101,766 hospital encounters involving 71,518 unique patients to identify patterns in admissions, readmissions, medication usage, patient demographics, admission sources, and discharge outcomes.
- Identified a 46% readmission rate, with patients aged 70–80 accounting for the highest number of admissions and readmissions.
- Cleaned and transformed data using Power Query and developed Power Pivot/DAX measures, relationships, PivotTables, PivotCharts, and interactive slicers to communicate healthcare utilisation patterns.

EDUCATION

Bachelor of Science in Computer Science

DMI St. John the Baptist University | 2017 to 2021

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Data Analyst in Power BI — DataCamp, 2026
- ChatGPT Fundamentals — DataCamp, 2026
- Data Literacy Professional — DataCamp, 2026
- AI Fundamentals — DataCamp, 2026
- Data Analysis with Excel Power Tools — DataCamp, 2026
- Excel Fundamentals — DataCamp, 2026
- From Data Collection to Data Use — Philanthropy University / FHI360, 2025
- Planning for Monitoring & Evaluation — Philanthropy University / FHI360, 2024
